WINE MAKING NOTES

Tradition Brut was first produced by Villiera in 1984, with the help of Champagne producer Jean Louis Denois.

Healthy grapes are harvested early in the season by hand. Whole bunches are deposited directly in the presses (pneumatic) and pressed very gently according to the Champagne pressing program. Only the cuvee (the best quality juice) is used in the blend. After blending, yeast and sugar are added for a secondary fermentation in the bottle, which takes 6 weeks. The sparkling wine is then matured in contact with the lees for an average of 18 months.

TASTING NOTES

This "Méthode Cap Classique" (bottle fermented sparkling wine) is a blend of red and white grapes displaying the full, balanced yeasty complexity synonymous with a wine made in this style. The wine retains its fresh racy zestiness that is a result of crisp acidity and delicate fruit.
