#### WINE MAKING NOTES

The grapes from our Quinta are harvested by hand in small containers and trodden by foot for traditional vinification in granite lagares. Aged in old wooden vats until bottled in the second year after the harvest.

#### TASTING NOTES

Deep purple color. Powerful aromas of ripe red fruits, floral, cocoa, pepper, cassis and iodine. On the palate it's dense, velvety and full bodied, with opulent and firm tannins, a well-balanced acidity offering balance, harmony and elegance, that anticipates superb ageing in bottle. The finish is long, sweet, refreshing and gourmand.

#### FOOD PAIRING

Blue cheeses, walnuts, dark chocolate, figs

#### SERVING RECOMMENDATIONS

To drink before 2030, a long decant is recommended and if possible, try it out during a 3 day window (if you can resist), watch it develop and the tannins getting softer. Prime time should be from 2040 onwards. Decant and serve at 57-60 deg F. Consume within a few days of opening (stored in fridge).

#### ABOUT THE WINERY

Owned by the Fortunato family, Quinta da Devesa is a small 34 hectare winery in the Cima Corgo sub region of the Douro Valley. The winery has been dedicated to the production of Douro and Port wine since 1941. The vineyards range in elevation from 500 to 600 meters, part south-facing, with excellent sun exposure, and part north-facing where it receives cooler prevailing winds.

The vineyards are managed under a minimum intervention system known as "Integrated Production," focusing on prevention of pests and disease rather than spraying once infected. This way, the vineyards provide a healthy habitat for birds, reptiles and mammals, ensuring adequate biodiversity and a balanced, sustainable environment.
